

RDJ Consultants' Funding Alert Service

Drawing on a network of consultants and associates across Europe – **combining their local knowledge with international expertise** we are able to offer you a bespoke Funding Alert Service.

RDJ Consultants' Services:

We prefer to start most commissions by undertaking a detailed **Scoping Study** and comprehensive **Funding Strategy**, at a discounted introductory fee. Upon completion of the Funding Strategy, we will make a detailed, fixed-price proposal to you for the entire subsequent Project Development phase.

In lieu of a Scoping Study/ Funding Strategy, we can offer a bespoke service benefitting from personalised, professional intervention, ensuring careful filtering all available information to suit your specific requirements.

We would deliver a newsletter listing the published calls for proposal (appropriate to your requirements), providing you with concise information on the key points related to these calls, e.g.

- Timeframe;
- Scope;
- Priorities;
- Eligible activities;
- Organisational requirements;
- Partnership requirements;
- Regional criteria;
- Other criteria;
- Budgets;
- Deadlines;
- RDJ Consultants' recommendations;
- Funder's Contact details.

There are a number of useful online Funding Alert Services available. However helpful these may be, they are all based upon computer selected processes which could mean either an excessive amount of information to wade through, or result in some potential opportunities being missed:
