

## Project Websites:

We have worked with a number of clients on the development and administration of their project websites:

We are able to provide a comprehensive project website tailored to your project's needs:

**From £200** including VAT (£166.67 + VAT), a basic website would include:

Registration of a Domain name of your choice (subject to availability)

Basic website design and build: Logo, navigation, home page and linked contacts page

Documents (e.g. PDF) that can be downloaded from the site

e-mail addresses based upon the domain name routed to your existing e-mail account

**Plus:** basic Web hosting:

**£30.00 per annum**

**From £55.00** incl VAT (£45.83 +VAT) per page for additional pages (you supply text/ images)

### **Mixlance Technical Services – REF Project Website**

Richard developed and administered Mixlance's REF Project website: [www.mixlance.com/LIFE](http://www.mixlance.com/LIFE)

### **East of England Development Agency – Eastspace platform**

Richard Jones led an inter agency team that developed the specification for a regional platform to host a self-building website facility for not-for-profit organisations in the East of England. Richard developed a project to promote the use of the eastspace platform to rural communities and not-for-profit organisations in South Cambridgeshire district.

In addition Richard built, maintained and administered a number of websites on the eastspace platform:

- **East of England Telematics Development Trust – EETDT website**

Richard developed and administered the EETDT website

- **e<sup>2</sup>eResearch Limited – e<sup>2</sup>eResearch website**

Richard developed and administered the e<sup>2</sup>eResearch website

- **Intercommunale Leiedal – LoG-IN Project Website**

Richard developed and administered the LoG-IN Project website

- **South Cambridgeshire District Council – Broadband Networking Project Website**

Richard developed and administered the SCDC Broadband website
